

# MORDIALLOC COMMUNITY CENTRE – MORDY FLYERS

## Selection Policy

### **The aim of the Mordy Flyers Basketball Club is to:**

- Give all children the opportunity to play Basketball
- Give each player an opportunity to develop their Basketball ability and skills
- Give all players a positive and enjoyable experience playing a team sport.

The team selection process involves a Sub-Committee of coaches. Please be aware that changes to teams from season to season are inevitable as players go up in age, abilities are taken into consideration, and new players join the club. The selection process is conducted with the following considerations:

1. Every player who registered on time will be considered in the registration period.
2. Teams will consist of 7 – 8 players.
3. Requests from parents regarding their child will be considered in a confidential manner and only considered via email [mordyflyers@mordicc.org.au](mailto:mordyflyers@mordicc.org.au)
4. Consideration will be given as to how best to develop a player, for example; players considered to have a higher level playing ability may be given an opportunity to play in a higher level team if possible.
5. U/9's and U/10's will be given the opportunity to play with friends wherever possible depending on the overall registrations for the age group.
6. Taken into consideration in the U12's to Open Age groups are players skills, so that a reasonable even balance of players is selected to form the strength in the team.

Please be advised that the final grading's for all teams is determined by the Sandringham Basketball Association and not by Mordy Flyers. We have no control over the final grading level of the teams. The first 4 weeks of each season are grading games.
