

MORDIALLOC COMMUNITY CENTRE – MCC PANTHERS

Registration & Team Selection Policy

The aim of MCC Panthers Netball Club is to:

- Give all children the opportunity to play Netball
 - Give each player an opportunity to develop their Netball ability and skills
 - Give all players a positive and enjoyable experience playing a team sport
1. Submit registration forms with payment directly at the Mordialloc Community Centre OR submit registration forms via email with credit card payment details to netball@mordicc.org.au
 2. Players registering after the closing date for registrations will be placed on a waiting list and will only be put into a team if/when a place becomes available
 3. Any requests in regards to the placement of children should be emailed to netball@mordicc.org.au for the selection committee to consider.
 4. Team selection commences once the registration process is completed and is performed in conjunction with the selection committee and coaching team.
 5. Team selection is based on the following principles:
 - Every player that registered during registration week will be considered in the registration period and put into their correct age group.
 - Players requesting an older age group will only be considered for the older age group if a place is required in that team and no other “new” players within this age group have registered. This place may be offered in addition to playing in their correct age group. ie: play in two teams.
 - Teams will consist of 8 or 9 players only. In extreme circumstances, selection committee may increase to 10 players, once discussed with the coach.
 - Players in the Net Set Go and Under 11 age groups will be given the opportunity to play with friends regardless of ability levels
 - Players in the Under 13, Under 15 and Under 18 age groups are selected based upon friendship groups, similar ability and special requests made from parents. Please note special requests are not guaranteed.
 - Players who have been selected to play in an Association Representative Team will be given the opportunity to play in the highest graded team within the age group
 6. Consideration will be given as to how best develop individual players, eg; providing higher level players the opportunity to play in a higher level team.

NB: if you would like to discuss this process prior to team selection, please email netball@mordicc.org.au or call the centre on **9580-3675**.
